the client

Once upon a child, (OUaC) is the largest national chain that specializes in reselling clothing and other items for children from infants through tweens, with more than 300 store locations throughout the U.S. and Canada,

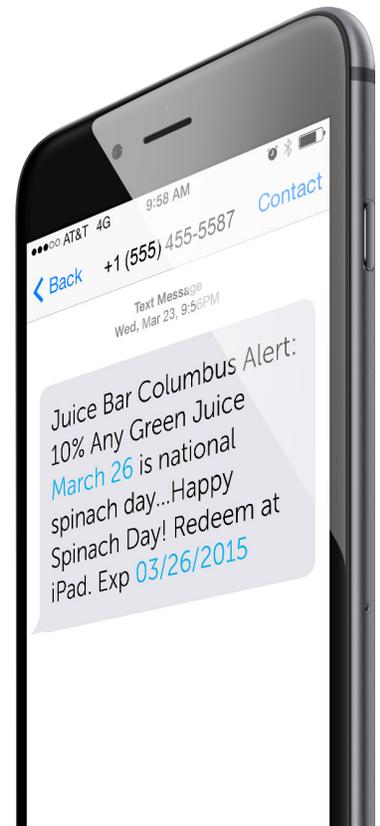

the challenges

- Needed a complete engagement platform to better communicate and engage with their customers
- Promotion of specific products to their customers along with special offers.
- Wanted a trackable loyalty program free of punchcards or swipecards.

the benefits

TL Connects' Total Engagement Program features all the tools necessary to meet their challenges. *Digital Loyalty Kiosks* with *custom designs* to suit their branding were used to create loyal subscribers who earn rewards once reaching a certain amount of check-ins. The customer signs up and checks-in by using their mobile phone number instead of punchcards or swipecards. *textALERTS* are used to directly engage with subscribers via text message to promote deals, specials, announcements, etc. The platform's auto-responders and automatic retention programs are easy to set-up and once running, work automatically to keep the brand on top of their customer's minds.

Total Customer Engagement

This case study consists of data from within 6 OUaC locations that currently use TL Connects' Engagement Platform. TL's *Digital Loyalty Program*, with *iPad Kiosk* in a tamperproof case, provided OUaC with a fast and simple loyalty platform. It makes sign-up very quick and easy for the customer, (under 20 seconds). OUaC does not have a sign-up offer which is an option for any partner. A loyalty offer of a **\$5 off \$30** is earned every **5 check-ins**. To engage the customers who have not returned within a custom number of days, the *retention program* automatically sends a text message to them with an offer of **\$3 off \$30** if they return to the store within 7 days of getting the text.

We Miss You Offer: \$3 OFF \$30

We miss you here at Once Upon a Child. Visit us within 7 days & redeem 15% off gently used purchase.

TL Connects' Retention program is an automated program designed to communicate with subscribers that have not checked in lately. The amount of time is customizable for any merchant.

Locations are able to set the program to automatically send a *text message* to subscribers that had not checked-in for a custom amount of days. Most of the locations offer *\$3 OFF \$30 after 30 days*, which is redeemable on the customer's next visit. To provide a sense of urgency, it *expires within 7 days* of getting the message.

OUaC locations have set up similar auto-responders coming later, such as 90 days and 180 days with no check-ins. Overall the locations have an average **3.88%** redemption rate on **102,906** messages sent. Their **3,991 redemptions** have assisted in generating a projected **\$104,834**.
